Cannon Hill Park. This park, which contains three lakes, lies to the south-east of Edgbaston, and was presented to the city by Miss Ryland in 1873. It was enlarged by Sir J. O. Holder in 1887 and is now the finest public park near the city.

Delighted to get your nice little letter. Am quite sure you are having real good time. Expect you home on Monday. Dorothy & Baby send love kisses. Papa has gone to have a game of bowls this afternoon. I have not heard from Grammie lately but I think she will be coming home soon now. Send love to all your loving mother.
